

At Risk: A Gripping Novel About the Perils of Digital Technology

In an age where technology is constantly evolving, it's easy to forget about the risks that come with relying too heavily on it. *At Risk*, a gripping novel

by Win Garano, explores the dark side of the digital age and the dangers that can arise when our personal information is compromised.

The story follows the journey of Win Garano, a young woman who is targeted by a group of hackers who are determined to exploit her vulnerabilities. As Win fights to protect herself and her loved ones, she must confront the dark side of the digital age and the risks that come with relying too heavily on technology.
