In the new book *Neoliberals East and South: Shaping the Near Future*, leading scholars from around the world explore the impact of neoliberalism on East and South Asia, two regions that have experienced significant economic and social transformation in recent decades.

The book is divided into two parts. The first part focuses on the political economy of neoliberalism in East Asia, with chapters examining the role of

neoliberalism in China's economic development, the political economy of neoliberalism in South Korea, and the impact of neoliberalism on labor markets in Southeast Asia.

The second part of the book focuses on the social and cultural dimensions of neoliberalism in South Asia, with chapters examining the impact of neoliberalism on gender relations in India, the rise of neoliberalism in Bangladesh, and the impact of neoliberalism on education in Pakistan.

Throughout the book, the authors provide a nuanced and critical analysis of neoliberalism, its impact on different sectors of society, and its implications for the future of East and South Asia.

Neoliberals East and South: Shaping the Near Future is an essential read for anyone interested in the political economy of East and South Asia, the impact of neoliberalism on developing countries, or the future of global capitalism.
