The Book's Genesis

This groundbreaking publication is the culmination of meticulous research by the Project Censored, a coalition of scholars and journalists dedicated to uncovering censored and underreported news stories. Each year, the project meticulously reviews thousands of submissions from independent journalists, whistleblowers, and activists to identify the most critical stories that have been ignored or distorted by mainstream media outlets.

The Top 25 Stories of 2023

The 2023 edition of "The News That Didn't Make the News" features a diverse array of stories across various themes:

1. **The Invisible Victims of U.S. Military Bases:** The devastating environmental and health impacts of American military bases around the world are rarely acknowledged.
2. **The Suppression of Dissenting Voices in Hong Kong:** The erosion of freedoms in Hong Kong, including the silencing of pro-democracy activists, has received scant attention.
3. **The Failure of Corporate "Greenwashing":** The hypocrisy of corporations claiming environmental responsibility while engaging in harmful practices is a pervasive issue that deserves more scrutiny.
4. **The Overlooked Deaths of Black Women in Childbirth:** The healthcare disparities and racial biases that contribute to high mortality rates among Black women during childbirth are often ignored.
5. **The Growing Power of Anti-LGBTQ+ Legislation:** The surge in state-level laws targeting LGBTQ+ youth and transgender individuals has faced limited mainstream coverage.
6. **The Disappearance of Missing and Murdered Indigenous Women:** The epidemic of violence against Indigenous women in North America remains a largely unrecognized crisis.
7. **The Manipulation of U.S. Elections by Foreign Powers:** The ongoing threat of foreign interference in American elections has been downplayed by media outlets.
8. **The Climate Change "Solutions" That Aren't:** The focus on technological fixes for climate change often distracts from the need for

systemic changes.

9. **The Pharmaceutical Industry's Influence on Medical Research:** The ways in which corporate interests shape medical practices and the availability of affordable drugs have been underreported.
10. **The Plight of Palestinian Political Prisoners:** The arbitrary detention and abuse of Palestinian political prisoners by Israel is an important human rights issue that requires attention.
11. **The Lack of Accountability for Police Brutality:** The systemic racism and excessive use of force by police departments have been met with inadequate scrutiny.
12. **The Exploitation of Migrant Workers in the Gulf States:** The abuses and human rights violations faced by migrant workers in wealthy Gulf nations have been largely overlooked.
13. **The Threats to Freedom of Speech on the Internet:** The erosion of online platforms for dissenting voices, particularly in authoritarian regimes, is a growing concern.
14. **The Incarceration of U.S. Citizens in Private Prisons:** The privatization of the prison system and its disproportionate impact on marginalized communities warrant greater attention.
15. **The Misinformation Crisis in Public Health:** The spread of misinformation and anti-vaccine rhetoric poses a threat to public health and has been ineffectively countered by 主流媒体.
16. **The Environmental Impacts of Cryptocurrency Mining:** The energy consumption and e-waste associated with cryptocurrency mining have received limited mainstream coverage despite their significance.

17. **The Rise of Misinformation and Disinformation Campaigns:** The organized dissemination of false or misleading information has become a serious threat to democracy and public discourse.
18. **The Suppression of Labor Organizing in the United States:** The efforts by corporations to suppress worker organizing and collective bargaining have been downplayed by mainstream media.
19. **The Growing Wealth Gap in the United States:** The widening disparity between the rich and the poor has been a persistent issue that requires more attention than it receives.
20. **The Militarization of the U.S.-Mexico Border:** The increased use of militarized tactics and surveillance at the border has been met with insufficient scrutiny.
21. **The Lack of Transparency in the U.S. Military Budget:** The opaque nature of the U.S. military budget raises questions about accountability and the allocation of public funds.
22. **The Rise of Fascism in Europe:** The resurgence of far-right and fascist ideologies in Europe has been largely underreported outside of Europe.
23. **The U.S. Government's War on Whistleblowers:** The ongoing persecution of whistleblowers who expose wrongdoing within the U.S. government is a serious threat to accountability.
